What our clients say about us

"Applied Blockchain have always been very helpful by coming up with new concepts and new developments. [...] I would definitely recommend Applied Blockchain."

Stephane Cheikh

Ventures & Innovation Manager, SITA

"We did the first product derivative trade on blockchain together with our partner Applied Blockchain."

Ben Van Beurden

CEO, Shell

"This valuable discovery project has culminated in a prototype blockchain-enabled register tool."

Nick Brown

Marine & Offshore Director, LR

Travel Ledger

"In Applied Blockchain we found a development partner that not only was there to turn our requirements into reality, but also acted as a consultant [...] this added value is invaluable."
